

7th February, 2015

Visit to Centre for Indian Medicinal Heritage [CIMH] garden, Kanjikode, Kerala.

Ms. Suma TS, Senior Program Officer and ENVIS Co-ordinator, Ms. Soumyashree N., Research Fellow and Ms. Bhagya Lakshmi K., Research Fellow of FRLHT's ENVIS Centre on Medicinal Plants visited **Centre for Indian Medicinal Heritage [CIMH]** garden, Kanjikode, Kerala is an Ethno-Medicinal Plants Garden: The medicinal plants garden is well laid with rarest of the rare herbs growing in Kerala. There are more than 700 species of plants growing here. Main aim of the garden is to bring awareness about medicinal plants and their linkages with local health traditions, propagate conservation message to the students, visitors and trainees. Garden also distributes planting materials. This garden also houses a diverse range of seeds of medicinal plants and raw drugs used for medicinal purposes displayed as reference material for identification with medicinal plant herbaria.
